

# City of Bridgeton

**Terry W. Briggs**, Mayor

March 16, 2020

In response to the current pandemic, we would like to suspend yard waste services, effective Tuesday 3/17/20 through Friday 3/27/20, resuming the week of Monday 3/30/20.

This temporary yard waste suspension request will enable us to place all drivers on trash/recycle routes; therefore, focusing on the basic services for all residents. As many are reacting to child care needs, caring for our elders, etc, so are our drivers.

Upon resuming yard waste services, we commit to getting all customers affected by this suspension cleaned up, regardless of any yard waste limits that may be contractually outlined.
